PEACE

IS A DOING WORD

LIVING PEACEFULLY IN A WORLD OF CONFLICT

A series of meetings for Lent 2025

Settle Parish Church

Tuesdays, 7.00-9.00pm

11th, 18th, 25th March,

1st and 8th April

What does peace mean to you?
Is peace just the absence of war?
Is it a state of mind or of being?
Is peace achievable or an ideal?
Does peace come from the top – from
those in power? Or from the bottom –
from all of us?

A series of meetings aiming to open up our understanding of 'peace' and all it entails;
to encourage us that peace is possible (as demonstrated through history and
experience), and that we can all be peace-makers and peace-builders.

With contributions from peace activists, educators and practitioners locally and from
further afield; from a range of churches, interfaith groups and the wider community.
Including *The Forgiveness Project* exhibition and a chance to do the Bradford Faith Trail.
If you are troubled by conflict - whether on the international stage or close to home -
and want to play your part in overcoming it, this series is for you.

Everybody is welcome. The meetings are free. Refreshments are served.
